

## **Section 3: B-Zone Information**

1. The area in Rondeau Bay described as “B-Zone” provides additional opportunity for hunters wishing to hunt and / or erect their own blinds for waterfowl hunting. Specific and regular regulations apply. Hunting is only permitted on Mondays, Wednesdays, Fridays, and Saturdays one half hour (1/2hr) before sunrise and one half hour (1/2) after sunset.

2. A B-Zone Blind Permit is required to erect a temporary blind in the B-Zone hunting area. (Please see Section 3.1 B-Zone Blind Permit Allocation Procedures for information on obtaining this permit.)

3. Rondeau Bay is closed to hunting Migratory Game Birds beyond 300m from any shore, or natural vegetation bed, and/or water line that form the boundary of private property. In other words, this creates a large area within the centre of Rondeau Bay which is closed to hunting, providing a resting area for the birds.
