

Section 3.0 B-Zone Permits

1. Seasonal B-Zone Waterfowl Permits are required to hunt this area and are available at Barney's Boats in Erieau, RWU Office, or the Rondeau Provincial Park Office.
2. Anyone wishing to erect a blind in "B-Zone" must obtain a Seasonal B-Zone Waterfowl Permit, register the blind and obtain a permit to erect a blind (B-Zone Blind Permit). Location choices for blinds are chosen by a first come first served line up. (Please see Section 3.2 B-Zone Blind Allocation Procedures). The hunter(s) must indicate the location of the proposed blind at the time of registration. No blind may be erected before obtaining the B-Zone Blind Permit and until the Tuesday after Labour Day.
3. Hunters entering the park are required to have the appropriate vehicle entry permit. (See Section 1 General Information on Hunting in Rondeau Provincial Park)
4. It is very important to note that much of the land under the "B-Zone" hunting area is privately owned. It is imperative that hunters co-operate and are respectful of these landowners as the future of erecting blinds on these properties depends on good relationships.
5. **IMPORTANT:** B-Zone blinds must be removed from the waters of Rondeau Bay as soon as possible but no later than March 15th. The rationale for this is to ensure that the blind and materials are removed from the water which could become a boating hazard. Also landowners adjacent to these blinds should not be subject to materials washing ashore after ice out.
